

Calling all CH2MHILL Alums!

*Missing those old times and great friends? Come join the
CH2MHILL Alumni Association
and celebrate the legacy of one of the most influential firms in the
infrastructure design and construction industry ever.*

Our purpose is to preserve and maintain the relationships and friendships built during our time with CH2M HILL. We carry on its legacy by continuing to help build a better world wherever we can. Oldie but Goldie or still working - no matter when or for how long, if you were a part of the CH2M HILL team, we want you! Interested? Follow this link to learn more: <https://ch2mhillalumni.org/> or contact Don Marske at donmarske@gmail.com for membership information.

BENEFITS OF JOINING THE CH2MHILL ALUMNI ASSOCIATION

Newsletters/Latest News – “I wonder what happened to ...”

Published twice a year, keep up with old friends and colleagues to learn about their current adventures and ongoing professional engagements, and Association news across the country.

Alumni Activities – “How can I connect?”

Join friends and colleagues for events locally, regionally, and nationally including lunches, travel, community service projects, joint client promotional, and opportunities to promote/recruit for our industry at high schools and universities. Learn about regional networks and join in or start one in your area. Reunions are sponsored for the whole association every two years with quarterly or monthly regionally or locally events by geography

Biographies – “I didn’t know that!”

Learn about colleagues, their families, their hobbies, and their lives outside of CH2MHILL and other professional experiences, the new skills they have discovered, and how they are living the legacy by giving back to their communities.

MORE, MORE, MORE...

WHY JOIN???

Personal travel stories – “Sounds like a trip I’d like to take!”

Live vicariously through the adventures alums have shared going to Europe, Asia, the Antarctic, South America, and China – in many cases, revisiting projects and clients who were a part of their careers.

Pay it forward – “What’s next for the Association?”

Intended as a venue to celebrate and continue CH2MHILL’s influence around the world, how do we live the legacy as those early leaders advance in years? How do we identify ways to energize alums to engage in living the legacy and paying it forward to our communities, industry, and clients? Join in the conversation and activities as we have fun, support our communities and related non-profits, and advocate for our industry.

Keep Making a Difference – “Those were great days!”

Happily, the great times and good work done under the CH2MHILL banner do not have to end. Through the CH2MHILL Alumni Association, our influence can continue. The opportunities are endless. If you want to keep the spirit alive, join the CHAA and share in the next chapter of the firm’s legacy.

Spread the Word – “I know a few others who would love to stay active.”

Using the experiences we have gained to make the world a better place, help recruit new members who may still be working at Jacobs or at other firms in our circle of influence to join us in living the legacy of CH2MHILL and paying it forward for years to come.
